Education & Networking Champagne Brunch

Calling all nurses and nursing students. Don't miss this opportunity to greet colleagues, make new connections and gain new nursing knowledge, while enjoying a great meal in an elegant atmosphere.

Guest Speaker

Susan Salmond, EdD, RN, dean and professor at UMDNJ-School of Nursing

Dr. Salmond is a leader in the global movement to implement and support evidence-based nursing practice across health care environments. She has conducted research on nurse family members' experiences with the health care system. Her recent publications include examinations of the impact of ANCC Magnet designation on nursing and patient outcomes, and patients' relocation stress following in-house transfer out of critical/intensive care units.

Presentation

When the Family Member is a Nurse: The role and needs of nurses during critical illness of a loved one (1 contact hour provided)

Objectives:

- To explore the experience and process of being a nurse family member (NFM) of a relative hospitalized for critical illness.
- Describe the five dynamic phases of coping with the experience as a nurse family member (NFM).
